fundraising sales items!

SOMETHING FOR EVERYONE

This catalogue is first and foremost for the girls out there on the ice, working their hardest, making the plays, nursing the bumps and bruises after a tough game. But, we also know that there is more to girl's hockey than the players.

Girl's Hockey is also about the parents who support their girls, who drive them from match to match, who fund each and every need and who are there after every big win and every crushing defeat. Parents are a key part of Girl's Hockey. They should have team wear to show their pride and support of their wonderful girl's.

It would be remiss to leave out the coaches and assistant coaches and all of the teachers and trainers that make up the leadership in Girl's Hockey. We believe they should also have comfortable, flattering apparel to support their team in and out of the arena.

The following pages of this catalogue are dedicated to the parents and other adults that make a difference in Girl's Hockey. Be sure to peruse the earlier pages for items that are available for adults as well! We hope you will enjoy this apparel as much as your girls will!
